European Union Aviation Safety Agency

FAQ n.21891

FAQs:

Application process, Applications for product certification/validation of foreign certificates, Certification of products and organisations

Question:

I would like to revise my application submitted through the EASA Portal. What do I have to do?

Answer:

It is only possible to edit an application that is either at status Draft or at status Request for Revision. Please contact applicant.services [at] easa.europa.eu (applicant[dot]services[at]easa[dot]europa[dot]eu) and we will re-open your application so that you can revise the application data. You can then re-submit the application with the corrected data to EASA.

Currently, the feature for editing or revising an already registered application in the EASA Portal is still being developed. In the meantime, if you wish to make any amendments, please contact EASA by sending an email to applicant.services [at] easa.europa.eu (applicant[dot]services[at]easa[dot]europa[dot]eu) quoting the EASA task number. Upon receipt we will update our database accordingly.
