

FAQ n.21897

FAQs:

Approval process, Applications for product certification/validation of foreign certificates, Certification of products and organisations

Question:

My project is re-classified, what implications are there?

Answer:

Fees & charges category re-classification

Your project may be reclassified to a higher or lower category, e.g. from Simple to Standard, based on certain criteria that are defined in Commission Implementing Regulation (EU) 2019/2153. As a re-classification to a higher category leads to a higher fee, we will contact you first for your acceptance before taking any further action.

In case of re-classifications to a lower category, a credit note will be issued, if applicable.

For further information on the different fees & charges categories, please consult the tables sorted by application type provided in the Annex of the fees and charges regulation Commission Implementing Regulation (EU) 2019/2153.

	Simple	Standard	Significant	Complex Significant

				(Part 21) to Regulation
				(EU) No 748/2012)
				involving at least two
				reasons justifying its
				classification as

EASA major design changes	compliance check-list and compliance documents) can be communicated at the time of application, and for which the applicant has demonstrated	All other STCs, major design changes or repairs	'Significant' is defined in point 21.A.101(b) of Annex I (Part 21) to Regulation (EU) No 748/2012 (and similarly in FAA 14CFR 21.101 (b)).	21.A.101 of Annex I (Part 21) to Regulation (EU) No 748/2012: change in the general configuration, change to the principles of construction, assumptions used for certification have been invalidated) or any significant change involving two or more examples described as significant change (column 'Description of change' Tables in Appendix 2 to GM 21.A.101 of Annex I (Part 21) to Regulation (EU) No 748/2012). If justified by exceptional technical circumstances, the Agency may reclassify a complex significant application to significant.
repairs				

Part 21 re-classification

Your application may be reclassified to a different application type, e.g. from Minor Change to Major Change based on certain technical criteria that are defined in Part 21. In this case a new application must be made to EASA.
