Description

Day 1: 13:00 - 18:00

Day 2: 09:00 - 18:00

The workshop is an interactive forum to discuss General Aviation (CS-23, CS-22, CS-VLA, CS-LSA) Structures topics between EASA, National Authorities and STC and TC Applicants.

Structural requirements and Acceptable Means of Compliance including EASA policies (Certification Memorandum) related to Materials (metallic, composites, wood), Statics, Fatigue and Damage Tolerance, Aeroelasticity (Flutter), Loads and Crashworthiness will be presented. Other major structural topics including the impact on structures from the new CS-VLA & CS-23

reorganisation (ASTM) and CS-STAN for standard changes and repairs will be addressed.

Registration

If you are not a presenter, please note that registration must be performed through EASA webshop. An administrative fee of EUR 120 will be charged for the participation to the workshop. Registration will be open until 2 October 2017. The participation fee will cover the meeting room and catering costs.
