European Union Aviation Safety Agency

FAQ n.44549

FAQs:

Medical, Regulations

Question:

Who can perform the Class 1 aero-medical examination?

Answer:

Initial Class 1 aero-medical examination can be performed only at an Aero-medical centre (AeMC) certified to perform class 1 aero-medical examinations. The aero-medical examination for the renewal or revalidation of the medical certificate can be performed by either an AeMC or an authorized aero-medical examiner (AME) with the privileges to revalidate and renew Class 1 medical certificate. For more details, please refer to the website of the competent authority of a Member State where you are planning to apply. Usually competent authorities publish a list of the authorised AeMCs and AMEs on their website. The list of Member States and the websites of their competent authorities can be found on our website under 'EASA by Country'.
