Question:

Conversion/line checks Post flight duty ORO.FTL.210: How should briefings and debriefings during conversion/line checks be accounted for?

Answer:

In accordance with the definition of duty, conversion/line training is duty.

Any duty (including the briefing and debriefing for training purposes) after reporting for a duty that includes a sector or a series of sectors until the aircraft finally comes to rest and the engines are shut down, at the end of the last sector on which the crew member acts as an operating crew member, is considered flight duty period.

Post flight duties, on the other hand (including debriefings also for training purposes), are considered as duty period.
