

Regional workshop in Austria on Part-145 as well as on Part-M for aircraft involved in commercial air transport

Date:

06 Apr 2005 to 07 Apr 2005

Description

Austria

One of several Part-145/Part-M workshops organised locally throughout Europe during 2005. Hosted by Austrocontrol and jointly organised with EASA. The objectives of this workshop are to discuss issues surrounding the implementation of Part-145 in Europe, to exchange views and to facilitate personal contacts between stakeholders and EASA. Moreover, due to the entry into force of Part-M for aircraft involved in commercial air transport in/09/2005, this workshop also needs to address Part-M.
