Description

RHEIN Conference Room

This meeting aims to explain the recent initiatives the Agency has undertaken for airworthiness directives and to start a dialogue with industry, operators, owners and maintenance organisations with regards to the Agency's future developments in this field. Key elements are the following

- Rulemaking and policy development (legal framework for EASA AD, latest draft of the Continuing Airworthiness of Type Design (CAP), EASA internal working procedure);
- Coordination between the EU NAAs (e.g. Safety Information Notices);
- AD issuance, publication and notification tool;
- Foreign ADs applicability;
- EU NAAs ADs issued prior to 28/09/2003.
