

Fuel Tank Safety Training Seminar

Date:

23 Nov 2007

Location

Ottoplatz 1, 50679

close to EASA Offices at Köln-Triangle

[More info on the EASA offices](#)

Description

WUPPER Conference Room

The objective of the Training Seminar is to start with brief history of SFAR 88/JAA Int Pol 25/12, then to present to the representatives of National authorities, the Agency's view on the training needed in maintenance organisations, in Continuing Airworthiness Management Organisations and to Part-66 licence holders on Fuel Tank Safety and the timescale needed. The objective is also to review some items of the letter sent by the Agency to the authorities at the light of comments that the authorities could submit.
