

EASA Extension of scope Rulemaking Roadshow to the United States

Date:

17 Mar 2009 to 18 Mar 2009

Description

IATA premises, 601 Pennsylvania Avenue, Washington DC

The European Aviation Safety Agency (EASA) carried out a technical 'Roadshow' in the United States to present to both the US industry and the FAA the draft Regulations for the extension of scope of the Agency's remit.
