

ICAO Global Air Navigation Industry Symposium (GANIS)

Date:

20 Sep 2011 to 23 Sep 2011

Description

ICAO's Global Air Navigation Industry Symposium, entitled "Towards One Sky", will provide a platform for industry partners to share their latest developments, discuss emerging issues and to chart out the next steps to achieve a seamless global air navigation system. In parallel to the Symposium, EASA will have a joint stand with the European Commission, Eurocontrol and the SESAR Joint Undertaking which will provide information about Europe's contribution to global interoperability.
