[Presentations - 2nd Conference of the European Operators Flight Data Monitoring forum \(EOFDM\)](#)

Description

15 minutes' walk from EASA HQ and from Cologne Messe/Deutz train station, 25 minutes' walk from Cologne central station

23 January 2013

- Starting at 09h00
- Ending at 17h30

The European Operators Flight Data Monitoring forum (EOFDM) is a voluntary partnership between European Aeroplane Operators and the European Aviation Safety Agency (EASA) in order:

- to facilitate the implementation of Flight Data Monitoring (FDM) programmes by operators,
- to help operators in drawing the maximum safety benefits from an FDM programme

The EOFDM works under the aegis of the European Commercial Aviation Safety Team. For more information please consult the [EOFDM webpage](#). This second

edition of the EOFDM conference will contain technical presentations on the implementation of Flight Data Monitoring (FDM) programmes, advanced FDM techniques and FDM-related initiatives and developments. This conference is primarily dedicated for professionals involved with FDM. Presentations require at least basic knowledge of FDM to be followed.

[Agenda](#) **Registration and registration fees**

An administrative fee of EUR 80 is charged, except for presenters. **Registration using EASA webshop is now closed, as this event is fully booked.**
