Description

For directions to the Agency and hotel accommodation in Cologne please also consult [this page](#)

The first European Aviation Safety Agency (EASA) Airworthiness Directives (AD) Reading Workshop was held on 26 and 27 June 2013 in Cologne.

This workshop was attended by stakeholder representatives (e.g. from operators, CAMO, maintenance organisations, design approval holders) who wanted to gain a better understanding of EASA processes related to the publication and/or adoption of Mandatory Continuing Airworthiness Information (MCAI), i.e. Airworthiness Directives and non-MCAI, i.e. Safety Information Bulletins (SIB).

The workshop agenda and presentations are available here below. Workshop participants are kindly invited to fill and submit the evaluation form.
