Description

Day 1: 10:30 to 17:00

Day 2: 09:00 to 16:00

In accordance with ARO.RAMP.115 (b)(3), ramp inspectors need to undergo recurrent training. AMC1 ARO.RAMP.115(b)(3) further specifies that the competent authority should also ensure such training “whenever deemed necessary by the Agency, e.g. after major changes in the inspection procedures”. The AMC/GM publication in February, the implementation of the “System-wide coordination” and “use of manufacturer data” projects, give valid reasons to require such recurrent training for inspectors.
