**Description**

Day 1: 10:30 to 17:00

Day 2: 09:00 to 16:00

In accordance with ARO.RAMP.115 (b)(3), ramp inspectors need to undergo recurrent training. AMC1 ARO.RAMP.115(b)(3) further specifies that the competent authority should also ensure such training "whenever deemed necessary by the Agency, e.g. after major changes in the inspection procedures". Following the publication of the AMC/GM in February and the implementation of the "System-wide coordination" and "Use of Manufacturer data" projects, the FS 2.2 section has scheduled three recurrent training workshop sessions, addressed to qualified inspectors and representatives of the Ramp Inspection Training Organisations.

**Registration details:**
