26/11/2019, 09:00 - 13:15

Description of event

This workshop is addressed to all interested stakeholders such as operators, CAMO, maintenance organisations, design approval holders, who want to have a better understanding of EASA processes related to the publication and/or adoption of Mandatory Continuing Airworthiness Information (MCAI), i.e. Airworthiness Directives and non-MCAI, i.e. Safety Information Bulletins (SIB).

For reaching this objective, during the 1.5-day Workshop, there will be a number of exercises to eliminate ambiguity when reading safety publications.
