# FAQs:

ORO.FTL, Part-ORO, Air Operations, Regulations

### **Question:**

Rest compensation for time zone differences CS FTL.1.235(b)(3)(i): How should we count the time elapsed (h) since reporting for the first FDP in a rotation involving at least 4 hour time difference to the reference time?

#### **Answer:**

Elapsed time (h) should be counted from the first FDP including at least 4 hour time difference to the reference time, as the rest compensation for time zone differences is given when the crew becomes affected by the time zone differences.
