

European Union Aviation Safety Agency

FAQ n.44549

FAQs:

[Medical](#), [Regulations](#)

Question:

Who can perform the Class 1 aero-medical examination?

Answer:

Initial Class 1 aero-medical examination can be performed only at an Aero-medical centre (AeMC) certified to perform class 1 aero-medical examinations. The aero-medical examination for the renewal or revalidation of the medical certificate can be performed by either an AeMC or an authorized aero-medical examiner (AME) with the privileges to revalidate and renew Class 1 medical certificate. For more details, please refer to the website of the competent authority of a Member State where you are planning to apply. Usually competent authorities publish a list of the authorised AeMCs and AMEs on their website. The list of Member States and the websites of their competent authorities can be found on our website under '[EASA by Country](#)'.
