## Description

The workshop aims to present the new project launched by EASA under the Horizon 2020 programme and performed by a consortium led by Fraunhofer Gesellschaft.

The workshop aims also to liaise with several research initiatives addressing Cabin Air Quality with a focus on contamination events and health risk assessments.

The workshop will gather representatives from the scientific community and Aviation Stakeholders such as:

- Aircraft manufacturers
- Engine Manufacturers
- Airline worker associations
- Research institutions
- Airline associations
- Aeromedical associations
- Regulatory authorities
- Industry association
- Occupational health agencies.
