FAQ n.19311

FAQs:

[B - Fees for the Certification of Products, Fees & Charges — FAQ](#)

Question:

B.4 - Does my aircraft belong to a higher fee category because it is a High Performance?

Answer:

Not necessarily: it depends on the performance category of the majority of aircraft models belonging to one TC. The higher fee category (=higher MTOW category) is applicable when the majority or equal number of models ($\geq 50\%$) are HPA.

The TC category determines all subsequent applications, including the model fee and CAW fees.
