

**FAQs:**

[Data package required](#), [Certification Support for Validation \(CSV\)](#), [Certification Support for Validation \(CSV\)](#)

**Question:**

**What is the data package required for validation of an EASA Type Certificate (TC) or Design Change (Supplemental Type Certificate (STC)/Major Change Approval) by the Federal Aviation Administration (FAA)?**

**Answer:**

FAA requirements are detailed in the [EASA-FAA Technical Implementation Procedure](#) and captured for your ease of use in the check sheet below:

- [Checklist for data package required by the FAA for validation of EASA Certificate/Approval](#)
- [EASA Outbound Checklist for STCs/Major Change Approvals to be validated by FAA](#)
