### Description

#### Date & time

21-24/06/2021 - Various Times as below

#### Description

As we look hopefully towards the Ramp-Up of operations, the safety of aviation relies on resilient management systems and the whole aviation community working together. EASA have partnered with organisations from across the aviation community to develop the COVID-19 Ramp-Up – Be Ready, Stay Safe Campaign to help align basic actions and principles on the risks to mitigate.

As part of the campaign, EASA will host a Safety Week from June 21-24, 2021. Throughout this week EASA will host a series of general and domain specific events for the industry and

authorities to discuss the most important safety issues faced by the industry during the Ramp-Up.

***The main focus of the domain sessions will be on “effective safety management” as well as “skills and knowledge degradation” during COVID times.***

The list of sessions is shown below, you can register free of charge for each session via the links below. The intended audience is primarily accountable managers, operational managers and coordinators, safety managers, NAA representatives.

***Each session is limited to 1,000 people*** – priority will be given to EASA Member State organisations operating in the relevant domain of the session until one week before the event after which participants will be accepted on a first come, first served basis.

Should you be unable to join any of the sessions, they will all be recorded and posted within 24 hours of each session on the EASA Website Safety Week Event Page and also on the Air Ops Community for anyone to access.

In case you have any further questions regarding COVID-19 Ramp-Up Safety Week, please send them to: [safetypromotion \[at\] easa.europa.eu](mailto:safetypromotion@easa.europa.eu)
