EWIS ICA requirements

Question:

**Some aeroplane types are explicitly excluded from the similar FAA rule (FAR 26.11(g)).
Are these types also excluded from EASA requirements?**

Answer:

No, EASA does not have a “pre-defined” list of excluded aeroplane types (similar to FAR 26.11(g)). On a case-by-case basis, the TC Holders for the affected aeroplanes may ask the Agency to accept a non-compliance with EWIS ICA requirements.
