[One-off notification flights](#), [Third Country Operators \(TCO\)](#), [Regulations](#)

Question:

Under which conditions may I apply for a one-off notification?

Answer:

The following conditions shall be met by an applicant (operator) in order to satisfy the one-off notification requirements:

EASA is notified prior to the intended date of the first flight. The operator will need to file and submit the appropriate 'One-off notification' form and provide the necessary supporting documents to EASA; and

The operator provides evidence that the planned operation meets the criteria for "One-off notification flights"; and

The operator is not subject to an operating ban pursuant to Regulation (EC) No 2111/2005 of the European Parliament and of the Council; and

The operator is not subject to rejection, suspension or revocation of a TCO authorisation on safety grounds, and

The operator must not have filed a 'One-off notification' with the Agency within the previous 24 months.
