

FAQs:

[Technical requirements](#), [ETSO authorisations](#)

Question:

How to get the list of deviations that one can use for a specific ETSO?

Answer:

Deviations of other applicants can be reused in an application for ESTO Authorisation, provided an equivalent level of safety can also be provided with your design. To find all the deviations that can be reused, one has to look at two different locations, depending on the date of approval of the deviation. For deviations first used in an Authorisation before January 1, 2013 [consult the list of approved deviations](#).

For all other deviations [a search function is provided](#).

To limit the displayed deviation to a specific ETSO enter the ETSO number in the field named search and click on Apply.

To limit the display to deviations for which the consultation ended during a specific period, select the start date and the end date in the calendars that pop up, when you click in the fields named Start date and/or End date. It is important to select every time the day of the month in a popped up calendar before you click on Apply, because otherwise the date will not be updated for the following search.

The screenshot shows the EASA website's 'Product Certification Consultations' page. The left sidebar contains a navigation menu with categories like 'Application Forms', 'Regulations', 'Agency Rules (Soft Law)', 'Rulemaking Process', 'Public Consultations', 'Product Certification', 'International Cooperation', 'Research & Publications', and 'Event Proceedings'. The main content area displays two expired deviation requests:

- Deviation Request ETSO-C10b#10**: CS-ETSO applicable to Aircraft Altimeter, Pressure Actuated, Sensitive Type (ETSO-C10b). EXPIRED. Deadline for comments: 01/08/2016. Consultation Type: ETSO.
- Deviation Request ETSO-C10b#9**: CS-ETSO applicable to Aircraft Altimeter, Pressure Actuated, Sensitive Type (ETSO-C10b). EXPIRED. Deadline for comments: 07/01/2016. Consultation Type: ETSO.

A green arrow points to a search filter calendar on the right. The calendar is set for February 2018, with the 7th highlighted. The calendar interface includes a search bar, a 'Deadline for comments' section with start and end date inputs, and 'Apply' and 'Reset' buttons.
