## FAQ n.116455

### FAQs:

[Registration requirements](#), [Provisions applicable to both 'open' and 'specific' category](#), [Drones \(UAS\)](#), [Regulations](#)

### Question:

**What happens once I register?**

### Answer:

Once registered, you receive a **'drone operator registration number'** that needs to be **displayed** with a sticker **on all the drones you own, including those privately built**. You must also, **upload it** into the **'Drone's remote identification system'**.

*Regulatory reference: article 14 EU regulation 2019/947.*
