European Union Aviation Safety Agency

FAQ n.115335

FAQs:

What happens upon “arrival at the destination airport”, Passenger Health Safety - COVID-19, Passengers

Question:

What should I do with any used face masks?

Answer:

Used face masks should be discarded safely in a separate tightly closed waste bag, which can be disposed as regular waste. Please note that although they may contain plastic fibers or paper, medical face masks are not recyclable.
