

1st International Conference on Advanced Manufacturing for Air, Space and Land Transportation

online event

Organised by:

ESA / NASA in collaboration with EASA (part of the Scientific Organisation Committee)

Event Type: Conference

Date:

07 Mar 2022 to 11 Mar 2022

Description

EASA is taking part in the Scientific Organisation Committee preparing for the ESA Advanced Manufacturing conference covering Air, Space, and Land Transportation. The aim of the conference is to promote and facilitate discussion and exchange of experience among members of the various engineering disciplines concerned with air, space and land transportation. This will cover design, development, assembly, integration and verification aspects.
