

FAQ n.45826**FAQs:**

Aircraft type training, Cabin Crew - Air Operations, Air Operations, Regulations

Question:

Do I have to undergo Aircraft type specific training and operator conversion training with every new operator I join if I am already qualified on that aircraft type?

Answer:

Reference: Regulation (EU) No 965/2012 Air Operations, Annex III (Part ORO) is available on EASA website.

Aircraft type specific training and operator conversion training is not transferable from one operator to another as each operator may have its own customised aircraft cabin configurations incl. differences in safety and emergency equipment and standard operating and emergency procedures. Therefore, as required by ORO.CC.125, cabin crew members must complete Aircraft type specific training and operator conversion training before being assigned to operate on the operator's aircraft.
