Travel safely - despite the coronavirus. Help us.

To minimise the risk of infection from coronavirus at the airport, Cologne Bonn Airport is implementing a series of protective measures. Please be considerate and help protect yourself and others. Thank you.

Please keep your distance

Masks are mandatory throughout the entire terminal

Very important: hygiene!

- Testing centre at Cologne Bonn Airport
- Most frequent questions about the test center
- Safely through the terminal
- At the security checkpoint
- On the plane

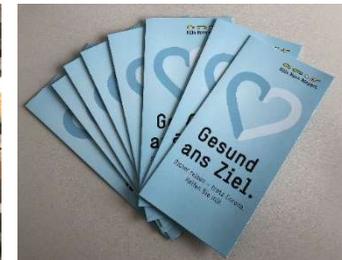

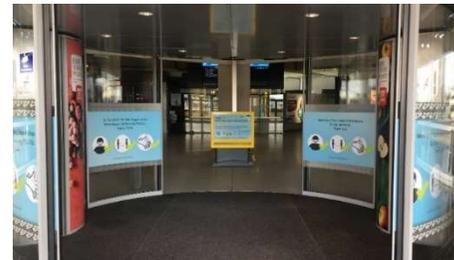

We care about your health. Please help us.

We want you to arrive at your destination healthy and safe. That's why, together with our partners, including the airlines, the Federal Police and the responsible authorities, we have implemented various safety precautions. Please follow these instructions and protect yourself, other passengers and employees of the airport. Please do not travel if you, a person in your household or a person you are traveling with shows symptoms of illness typical for the coronavirus (e.g. fever, cough). For questions on specific protective measures on the airport, please contact your airline. The terminal services will also be happy to assist you further at the boarding pass checkpoint or the information desk.

Reach your destination healthy
