

Podgorica, 03 October 2019

## **WP 3: Competence Development**

### **Training on Safety Management System, with specific focus on implementation and oversight aspects in aerodromes domain**

Within the framework of the EU-funded EASA - IPA4 project, the Training on Safety Management System, with specific focus on implementation and oversight aspects in aerodromes domain was organised in Podgorica on 1-3 October 2019. The training was attended by national aviation authorities' experts from Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia, Serbia, and by industry representatives from Airports of Montenegro.

The training covered theoretical and practical aspects focusing on:

- ✓ Safety accountability and responsibilities
- ✓ SMS documentation
- ✓ Hazard identification
- ✓ Risk assessment and mitigation
- ✓ The management of change
- ✓ Safety communication
- ✓ SMS assessment methodologies
- ✓ Use of European Union Aviation Safety Agency's Management System Assessment Tool
- ✓ Safety performance monitoring and measurement

*The "EASA-IPA4" project is funded by  
the European Union and implemented  
by EASA*
