Issued by: European Union Aviation Safety Agency

Holder of the Certificate: GVH Aerospace Ltd (United Kingdom)

New Holder of the Certificate: GVH Aerospace Ltd (Ireland)

Context: GVH Aerospace Ltd (United Kingdom) has made an application, dated 18 December 2020, to EASA for the transfer of 7 Supplemental Type Certificates (STCs) to GVH Aerospace Ltd (Ireland).

GVH Aerospace Ltd (Ireland) holds an EASA Design Organisation Approval (ref. EASA.21J.755), and is deemed to be able to undertake the obligations under 21A.118A, and for this purpose, has demonstrated its ability to qualify under the criteria of 21A.112B of the Annex I (Part 21) to Regulation (EU) No 748/2012.

As a consequence, EASA has accepted the transfer and re-issued the Supplemental Type Certificates.

All Airworthiness Directives (ADs) related to these products are still applicable unless replaced or cancelled.
