

## EASA Certification Information

**No.:** 2021-16

**Issued:** 30/03/2021

**Subject:** Transfer of a Supplemental Type Certificate from GVH Aerospace Ltd (United Kingdom) to GVH Aerospace Ltd (Ireland).

**Certificate No:** EASA STC 10066248 Revision 4

**Issued by:** European Aviation Safety Agency

**Holder of the Certificate:** GVH Aerospace Ltd (United Kingdom).

**New Holder of the Certificate:** GVH Aerospace Ltd (Ireland).

**Context:** GVH Aerospace Ltd (United Kingdom) has made an application to EASA for the transfer of Supplemental Type Certificate (STC) 10066248 Revision 3 to GVH Aerospace Ltd (Ireland).

GVH Aerospace Ltd (Ireland) holds an EASA Design Organisation Approval (ref. EASA.21J.755) and is deemed to be able to undertake the obligations under 21A.118A and for this purpose, has demonstrated its ability to qualify under the criteria of 21A.112B of the Annex I (Part 21) to Regulation (EU) No 748/2012.

As a consequence, EASA has accepted the transfer and re-issued the approval to STC 10066248 Revision 4 stating the new STC holder name on the approval.

All Airworthiness Directives (ADs) related to these products are still applicable unless replaced or cancelled
