Issued by: European Aviation Safety Agency

Former Holder of the Certificate: SR Technics Switzerland

New Holder of the Certificate: GroWING Engineering Partners GmbH
CHAMERSTRASSE 42A
6331 HUENENBERG
Switzerland

Context: SR Technics Switzerland has made an application, dated December 23rd 2020, to EASA for the transfer of 26 Supplemental Type Certificates (STC) to DOA GroWING Engineering Partners GmbH.

DOA GroWING Engineering Partners GmbH holds an EASA Design Organisation Approval (ref. EASA.21J.771) and is deemed to be able to undertake the obligations under 21A.118A and for this purpose, has demonstrated its ability to qualify under the criteria of 21A.112B of the Annex I (Part 21) to Regulation (EU) No 748/2012.

As a consequence, EASA has accepted the transfer and re-issued the Supplemental Type Certificate.

All Airworthiness Directives (ADs) related to these products are still applicable unless replaced or cancelled
