

Flexible Use of Airspace Workshop

The 3 day workshop covered the following topics, emphasising practical EU National Supervisory Authority's experience illustrated by examples:

- EU National Supervisory Authority (NSA) FUA best implementation and oversight practices (focus on AMC cell functions oversight)
- ANSP's Airspace Management Cell (AMC): establishment of the cell, duties and responsibilities, implementation aspects (coordination arrangements, manuals, procedures implementation, tools in use, etc.)
- Monitoring of airspace use processes, Key Performance Indicators collection and analysis and reporting chain

The activity was implemented from 26 to 28 January 2021.

In total 32 participants from 6 project beneficiary National Aviation Authorities, ANSP's as well as from Ministries of Defence attended the workshop.
