## WP 4: Competency Development: ATM Inspector training course

Within the technical activities of the Eastern Partnership and Central Asia Project, a 4-day specific training for Air Navigation Services ATM Inspectors was delivered in Astana, Kazakhstan, between the 21<sup>st</sup> and 24<sup>th</sup> of May 2018.

The objective of this training was to provide Air Traffic Management Auditors/Inspectors with Skills, Knowledge and Attitudes necessary to carry out Audits/Inspections for effective and efficient Air Safety Oversight duties.

This project is funded by the European Union  
<http://europa.eu/>

Implemented by: EASA – European Aviation Safety Agency, an Agency of the European Union <http://www.easa.europa.eu/>

and ECAC - European Civil Aviation Conference for aviation security <http://www.ecac-ceac.org>

This course covered the basic concepts and steps involved in audit/inspection for effective and efficient oversight duties certifying an ANSP. The training was constructed as a classroom working session including presentations, case studies, group exercises and group discussions, providing both the theoretical knowledge, and the practical context to underpin the delegates' learning.

The course was well attended by officers and certified civil aviation inspectors from the Civil Aviation Authorities (CAAs) and Aviation Agencies of Kazakhstan, Belarus, Kyrgyzstan and Tajikistan. In total, eight (8) delegates participated in this activity.
