- 3rd country registered aircraft in private operation – opt out 8 April 2017
- PBN – 25 August 2020
- Crediting of prior training – at the discretion of the competent authority

RMT.0677 - Easier access of GA pilot to IFR flying

- In 2014 EASA Safety Conference on GA
- Easier access of GA pilots to IFR flying identified
- Overall aim - to increase the number of GA pilots with IFR flying qualifications in Europe
- In 2015 RMT.0677 was established and
- The Agency and GA IFR experts work on it together

RMT.0677 - Easier access of GA pilot to IFR flying

- Terms of Reference (ToR) - published on 18 December 2015
- ToR contains the ‚Concept Paper‘
- The key proposal of this Concept Paper is the introduction of the Basic Instrument Rating ‚Basic IR‘.
- This Basic IR constitutes an IFR qualification more accessible to GA pilots of aeroplanes

RMT.0677 - Easier access of GA pilot to IFR flying

- The group is in the middle of discussing the details and drafting the NPA
- The aim is to publish the NPA in 2016/Q3
- The Opinion should be published in 2017

RMT.0657 ,Training outside ATO' – Progress report

- GA Roadmap: Relief for small GA training providers for LAPL/PPL/SPL/BPL
- Agency rulemaking task RMT.0657, supported by GA experts
- ToR ,Training outside ATO' published on 13 October 2015
- NPA 2015-20 published on 18 December 2015, commenting period ended 29 February 2016.

RMT.0657 ,Training outside ATO' – Progress report

- NPA 2015-20 proposal
 - ,light' approval (BTO – Basic Training Organisation)
 - Simplified structure (post holder, SMS,...), reduced oversight

RMT.0657 ,Training outside ATO' – Progress report

- Almost 1200 comments received until 29 February 2016
- Frequent comments received (abstract):
 - Problematic mix of certification and registration
 - Still not proportionate to the need of small GA training providers (infrastructure, SMS, oversight)

RMT.0657 ,Training outside ATO' – Progress report

- Concept being further revised by Agency and GA experts
- Workshop 19 May Cologne - to further discuss concept.
- Opinion to be published by the end of Q2/2016
- Revision of proposed AMC/GM to be continued until publication of rules.

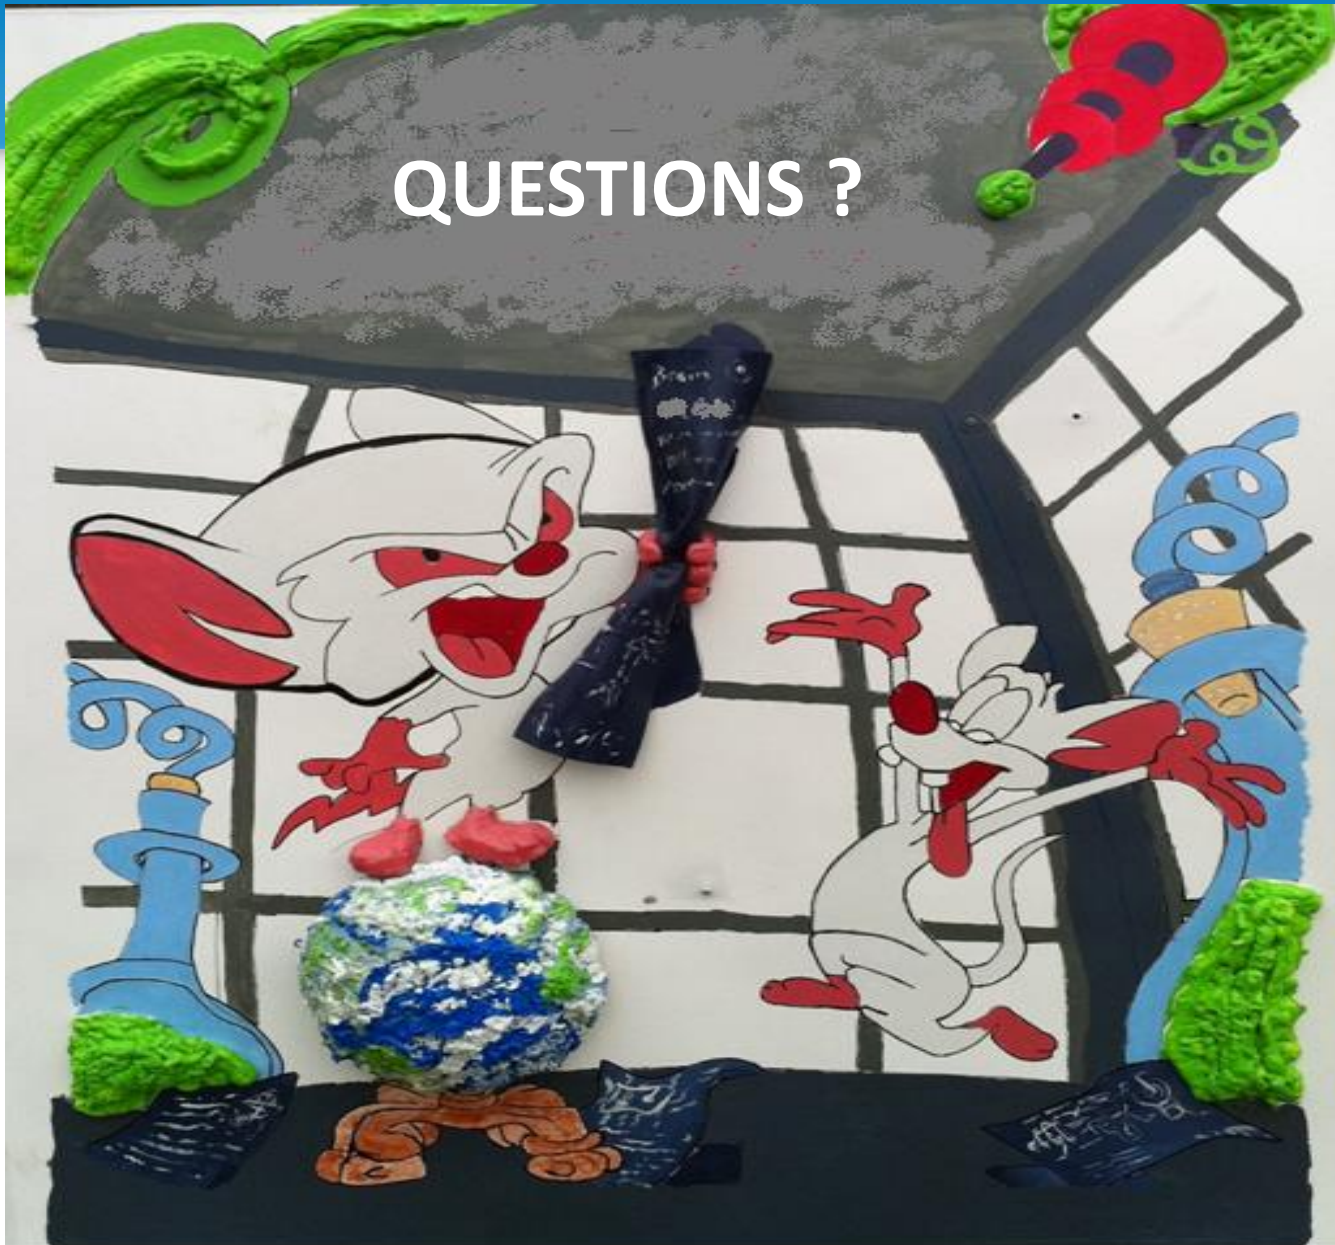

➤ Concept status

- ,Approval' vs ,no approval' discussion on-going
- Training programmes to be assessed by the NAA
- Rules for minimum organisational structure, infrastructure and SMS to be complied with
- Proportionate risk based oversight programme and appropriate enforcement measures by NAAs
