## **Shadow audit by EASA (Production Organisation Approval)**

The Production Organisation Approval shadow audit was delivered by an EASA Production Organisation Approval expert, Mr Algirdas Baseckas, who participated in one of SAAU Production Organisation Approval team's surveillance audit as an observer and shared his knowledge with the SAAU colleagues.

The shadow audit consisted of two working days (15 and 19 July 2019) at SAAU premises and three days (16 to 18 July 2019) at the premises of the SAAU Production Organisation Approval holder – State Company (SC) Antonov. The shadow audit was structured in a way to allow for the review and discussion of topics to be audited and providing recommendations as well as observing on-site audit and providing recommendations to SAAU experts.
