WP 4: Competency Development: “Quality System Auditors Course”

Within the technical activities related to “WP 4 - Competency development” of the Eastern Partnership and Central Asia Project (EaP/CA), a three day training course was conducted in Kiev, Ukraine from 23 to 25 October 2018.

For this activity training for Quality System Auditors in the aeronautical field was delivered with the main objective to reinforce the participant’s knowledge and understanding of the fundamental principles of Quality Systems Auditing in the context of Safety Regulatory Oversight of organisations.

This project is funded by the European Union
<http://europa.eu/>

Implemented by: EASA – European Aviation Safety Agency, an Agency of the European Union <http://www.easa.europa.eu/>

and ECAC - European Civil Aviation Conference for aviation security <http://www.ecac-ceac.org>

The course aimed to familiarise the participants on the applicability and development of audits in the different type of companies of the sector. It covered the general concepts about quality, Quality Systems Audits, Audits Implementation Guides, Quality Audits in the Aeronautical Field, Quality Audits for Production Companies, Quality Audits for Maintenance Companies and Product / Procedure / Aircraft / Operations Audit.

16 subject matter experts from the Civil Aviation Administrations of Armenia, Azerbaijan, the Republic of Moldova and the Ukraine attended the course.
