

2017 EASA-FAA International Safety Conference

Building Mutual Trust

Yannick MALINGE

SVP & Chief Product Safety Officer, Airbus Commercial Airplanes

14th June 2017

AIRBUS

Three domains of aviation safety

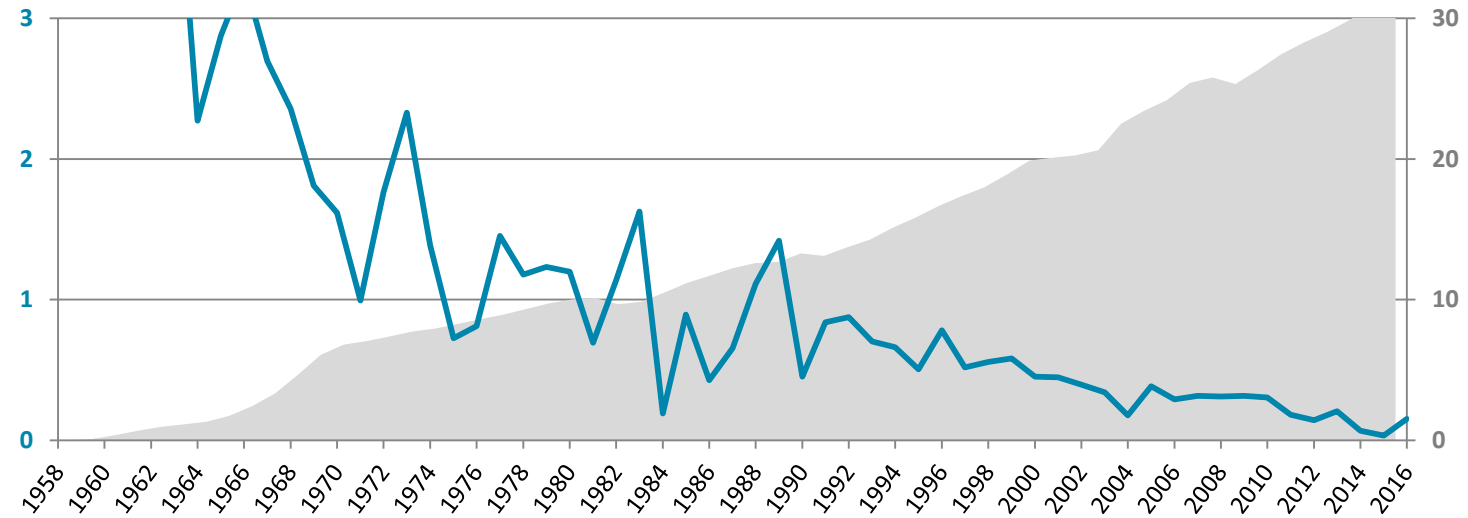

Aviation Safety: **our single most important common value**

We are all **interdependent**

Trust is key to maintaining healthy interdependence

Three domains of aviation safety

Information Sharing: key for a significant step change in accident prevention

- Data4Safety
- ASIAs
- Infoshare
- Destination10X
- OEM/suppliers

Some potential challenges to information sharing

*the key to information sharing: **Trust***
