WP 4: Competency Development:**On-site support to the
Civil Aviation Authority (CAA) of Tajikistan
for the development of an Air Operations inspector procedures manual**

As part of the technical activities related to the "WP4 - Competency Development" of the Eastern Partnership and Central Asia (EaP/CA) project, a five-day on-site support in the area of air operations was provided to the Civil Aviation Authority of Tajikistan in Dushanbe from 12 to 16 November 2018.

The main objective was to provide on-site support for the development of an Air Operations inspector procedures manual. The activity was designed to support the CAA
