WP 4: Competency Development:

“Technical assistance session on the methodology for ANSP charges calculation”

The EASA-EaP/CA project provided on-site support to the Ministry of Transport and Roads Infrastructure as well as to the Civil Aviation Authority of Moldova from 19 to 20 April 2018 in Chisinau.

This 2-day activity was focused on the methodology for ANSP charges calculation. Participants from the MTRI and CAA had the opportunity to get familiar with the principle for establishing the unit rates, en-route cost base and terminal charges.

5 representatives from the Ministry and the Authority participated in this interactive activity.

This project is funded by the European Union
