WP 4: Competency Development:

**On-site support to the General Department of Civil Aviation (GDCA) of Armenia
for the development of an Air Operations inspector procedures manual**

As part of the technical activities related to the "WP4 - Competency Development" of the Eastern Partnership and Central Asia (EaP/CA) project, a five-day on-site support in the area of air operations was provided to the GDCA of Armenia in Yerevan from 03 to 07 September 2018.

This project is funded by the European Union
<http://europa.eu/>

Implemented by: EASA – European Aviation Safety Agency, an
Agency of the European Union <http://www.easa.europa.eu/>

and ECAC - European Civil Aviation Conference for aviation
security <http://www.ecac-ceac.org>

The main objective was to provide on-site support for the development of an Air Operations inspector procedures manual. The activity was designed to support the GDCA in preparing or updating their own material and to provide advice on the development of a training plan. The key topics encompassed administrative procedures, checklist development, inspection guides and quality control as well as qualification requirements.
