Description

With aviation challenged to meet our future workforce challenges, through effective implementation of Diversity, Equity and Inclusion (DEI) we can help to expand our potential talent pool and create organisations that support all staff members to perform to their best. During the two-day workshop, stakeholders from across the European aviation industry will come together to continue the work on the DEI Toolkit for aviation. The toolkit will cover topics including:

- Engagement,
- Training,
- Communication,
- Metrics,
- Partnering, and
- HR Practices.

Join us to continue this important work.

The event is hosted by Airnav Ireland and co-organised with the European Union Aviation Safety Agency (EASA) and Eurocontrol.
