★ Requirements for the Organisation

→ Chapter 1 - Requirements for ATOs providing training in FSTDs

→ General

- (a) An ATO shall only provide training in FSTDs, when it demonstrates to the competent authority:
 - (1) that it has, directly or through contract, the capability to maintain the performance, functions and other characteristics specified for the FSTD qualification level and to control the installation of the FSTD;
 - (2) the adequacy between the FSTD specifications and the related training programme.
- (b) The FSTD specifications shall be detailed in the terms of the approval.

★ Requirements for the Organisation

→ Chapter 1 - Requirements for ATOs providing training in FSTDs

→ FSTD qualification maintenance

- (a) In order to maintain the qualification of the FSTD, the complete master QTG shall be run progressively between each annual evaluation conducted by the competent authority.
- (b) The results shall be dated and retained in order to demonstrate that the FSTD standards are being maintained.
- (c) A configuration control system shall be established to ensure the continued integrity of the hardware and software of the qualified FSTD.

★ Requirements for the Organisation

→ Chapter 1 - Requirements for ATOs providing training in FSTDs

→ Installations

(a) The ATO shall ensure that:

- (1) the FSTD is housed in a suitable environment that supports safe and reliable operation;
- (2) all FSTD occupants and maintenance personnel are briefed on FSTD safety to ensure that they are aware of all safety equipment and procedures in the FSTD in case of emergency.

(b) The FSTD safety features, such as emergency stops and emergency lighting, shall be checked at least annually and recorded.
