

EASA Certification Information

No.: 2011 - 05
Issued: 05 April 2011

Subject: Revocation of DGAC France Type Certificate No. 80¹ upon surrender by Eurocopter

Type Certificate No: No. 80

Product: SA 360 C rotorcraft

Issue date: 18 December 1975

Issued by: Direction Générale de l'Aviation Civile France (DGAC France)

Holder of the Certificate: Eurocopter
Aéroport Internationale de Marseille Provence
13725 MARIGNANE CEDEX

Background: The request by Eurocopter of 06 October 2010 to surrender its DGAC France Type Certificate No. 80 has been accepted by EASA.

In accordance with the applicable EASA administrative procedures², the proposal to surrender the Type Certificate was published on the EASA website for public consultation under EASA Certification Information 2010 – 07 dated 29 October, 2010. There were no comments made to the public consultation and therefore EASA decided to accept the surrender of the aforementioned Type Certificate. EASA has submitted the decision to revoke Type Certificate No. 80 to the Type Certificate Holder on 05 April 2011.

Consequence: Any SA 360 C rotorcraft registered in an EU Member State will no longer be eligible for a normal Certificate of Airworthiness according to Article 5(c) of Regulation (EC) No. 216/2008 of the European Parliament and of the Council of 20 February 2008.

For SA 360 C rotorcraft registered outside the EU, operators should contact their State of Registry for a decision on the continuing validity of any certificates they have issued.

Contact: Any request, query or comment should be sent to:
