

Relation between MSG-3 and other standards in AHM or other topics

2023-May

What is the relation between MSG-3 and other standards in AHM and other topic?

- 1. Some times the cross area is exist.**
- 2. How to understand the actual effect and backstory?**
- 3. Is there necessary for interface?**

For example, AHM,

- ✓ We are creating some new story, and other ORG also creating their story.
- ✓ If other standard document take some new concept & new term, should we know them and use them in our area?

✓ Do we need to keep records for common understanding, covering PB and MPIG, for those topic impacted MSG-3 process?

谢谢!
