### **FAQs:**

[Training and licensing of maintenance personnel - Restrictive measures Russia, EU restrictive measures against Russia](#)

### **Question:**

**The Sukhoi Superjet type certificate is suspended by EASA. In the Member States there are Part-66 licences containing this type rating. Does the competent authority need to suspend this rating in those maintenance licences?**

### **Answer:**

No. It is the maintenance activity that is prohibited by the EU sanctions, but the privilege of the Part-66 licences remains unaffected.
