WP 4: Competency Development:**On-site support to the
State Civil Aviation Authority (SCAA) of Azerbaijan
for the development of ATM/ANS inspector procedures manual**

As part of the technical activities related to the "WP4 - Competency Development" of the Eastern Partnership and Central Asia (EaP/CA) project, a five-day on-site support in the area of air navigation services was provided to the State Civil Aviation Authority of Azerbaijan in Baku from 1 to 5 October 2018.

The main objective was to provide on-site support for the development of an ATM/ANS inspector procedures manual. The activity was designed to support the SCAA in preparing or updating their own material and to provide advice on the development of
