

Baku, in March 2019

WP 4: Competency Development:**“On-site support as regards ICAO CMA on-line framework”**

Within the framework of the EU funded EASA - EaP/CA project, dedicated on-site support was provided to the State Civil Aviation Agency of the Republic of Azerbaijan (SCAA) from 25 February till 01 March 2019.

The objective of the “ICAO CMA on-line framework” related activity was to support the enhancement of the level of effective implementation of ICAO SARPs to reach the global target level, to better prepare for ICAO CMA USOAP/ICVM audits, the use of the ICAO restricted website “Online Framework - OLF” to manage the audit and to provide assistance for possible resolution of problems. A detailed knowledge on the use of OLF is critical for understanding the audit requirements and how to manage the audit.

This project is funded by the European Union
<http://europa.eu/>

Implemented by: EASA – European Aviation Safety Agency, an
Agency of the European Union <http://www.easa.europa.eu/>

and ECAC - European Civil Aviation Conference for aviation
security <http://www.ecac-ceac.org>

At the end of the well attended 5 days activity, all the participating subject matter experts developed a very good understanding on the audit and use of OLF.
