Background: The current holder of Type Certificates (TC) No. 190 (DGAC) has requested to surrender the aforementioned TC to EASA.

IN 1995, SOCATA obtained the TC transfer for the US developed GA7 aircraft. It was approved by DGAC as TC No. 190, as well as TCDS No. 190 in 1997. The TC is deemed to be an EASA TC in accordance with Article 3 of Commission Regulation (EU) 748/2012.

When doing so, EASA also asks you to inform them about the possibility, no later than the 06 March 2018, of commenting on the above and/or of expressing their will to take over the ownership of the TC following its surrender. Transfer of the TC requires that the new owner demonstrates competence to fulfil the necessary obligations of a TC-holder in accordance with the applicable rules.

A list of the individuals directly concerned and other possible interested persons should be sent to EASA.

After satisfactory evaluation of the surrender request, taking into account the comments received, EASA will accept the request and take the decision to revoke or transfer the TC in accordance with the applicable administrative procedures.
